

Fixed prices, flexible and efficient

Frame Agreements

Maximize availability and reduce maintenance costs with a tailored Frame Agreement

You have the freedom to choose what fits you best within our scope of services and decide contract duration.

BWSC can help you in arranging annual or biannual visit on-site, followed by reports with service and maintenance recommendations for securing minimal downtime.

Frame Agreements offer high flexibility and safer budgets as the hourly prices include all costs, such as travel, accommodation, board, personal safety equipment, tools, and welding equipment.

Our Frame Agreements can be tailored to your needs. You can benefit from BWSC's permanent staff stationed on-site and mobilized teams for planned revisions and overhaul works combined with rapid response services in case of emergency breakdowns.

We offer tailored Frame Agreements to meet your needs

Frame Agreement elements

- Project management and overhaul supervision
- Engineering support from BWSC headquarters
- Maintenance and logistics planning
- Remote support and monitoring
- Technical on-site support and troubleshooting with rapid response pertaining to all technical disciplines
- Supply of materials

Your benefits

- Maximised availability
- Optimized efficiency of the installations throughout the full lifecycle
- Minimized outage time and optimized equipment lifetime
- Reduced risks of unforeseen failures and down-time
- Cost-efficient maintenance
- Predictable costs forecast
- Materials delivered in due time before revision
- Knowledge transfer to your staff within all technical disciplines
