Rapid Ship Service

With a conveniently located, fully-equipped workshop and a two dozen strong organization of craftsmen, specialists and engineers, BWSC Panama S.A. is able to rapidly mobilize for clients in the Panama Canal.

BWSC Panama S.A. services all sizes and types of vessels from tugs to Post Panamax and beyond. Emergency services can constitute provision of staff to boost a vessel's regular crew or rapid pick-up of engine or auxiliary system components for service in BWSC Panama S.A.'s expansive, on-shore workshop facilities.

Emergency services may be based upon time and material service rates or on lump sum turnkey contracts.

Examples of vessel emergency services

- Two-stroke main propulsion engine service
- Four-stroke auxiliary generator set or main propulsion engine services
- Heat exchanger emergency repairs and cleaning services
- Fuel and lube oil separator services
- Pumps and filter services

Examples of workshop emergency services

- Engine components and turbocharger repairs/vibration alignment
- Auxiliary system component services, including pick-up/delivery logistics.

Additional services

- Coordination with OEM suppliers and service facilities to undertake system emergency repairs/damage control
- Coordination of pre-docking surveys to establish long-term solutions to emergency repairs
- Coordination with BWSC A.S. for generator services, governor controls, transformer, turbine and WHR system.
